PERFORMANCE TEAM

The purpose of the CDC Performance Team is to give a space and a place for those recreational dancers who are ready to commit their time to dance and move past a couple hours per week of dance instruction. The focus at Chelan Dance Centre isn't on competition but rather developing the dancer's skills as a performer on stage. We're also working on team building skills, collaboration and character development. We'll work to build relationships in and around the community of Chelan. Save the date for their Winter Fundraiser performance, Saturday, January 20!
